Title: [Pricing] - Price displayed for the Ultimate plan - Yearly period in USD currency is not correct

Environment: [Local] - <http://localhost:8080/pricing.html>

Browser: Google Chrome

Sprint: 01

Steps to Reproduce:

- 1- Log into Lodgify Pricing page
- 2- Select Yearly period
- 3- In the “Number of Rentals” section, select “50”
- 4- Select “\$ USD ” from the currency dropdown
- 5- Verify the price displayed for “Ultimate” plan

Expected Result:

The price displayed for the “Ultimate ” plan in USD currency must be 525\$

Actual Result:

The price displayed for the “Ultimate ” plan in USD currency is 518\$

Evidence or Screenshots:

The screenshot displays the Lodgify Pricing interface. At the top, a slider for 'Number of Rentals' is set to 50. Below it, the 'Yearly' period is selected, showing a discount of 'up to 30% off'. The 'Ultimate' plan is highlighted with a green border, showing a price of \$518 per month. The other plans shown are Starter (\$64 per month) and Professional (\$375 per month). Each plan includes a 'Get Started' button and a '7-day free trial' offer.

Plan	Price per month	Booking Fee
Starter	\$64	1.9%
Professional	\$375	0%
Ultimate	\$518	0%

Title: [Pricing] - Plan prices are not matching with the currency selected by default (EUR).

Environment: [Local] - <http://localhost:8080/pricing.html>

Browser: Google Chrome

Sprint: 01

Steps to Reproduce:

- 1- Log into Lodgify Pricing page
- 2- Select Yearly/Monthly/Two Years period (Applies for all periods)
- 3- Verify the default currency (EUR) is selected
- 4- Check the price values displayed for all plans

Expected Result:

All plan prices must match with the selected currency (EUR).

Actual Result:

All plan prices are not matching with the selected currency (EUR), it is displaying all values in USD currency instead.
